Thulasiram Bheemineni

Career Objective

Ambitiousandforward-thinking Software Developer skilled in Java, Spring Boot, React, and full-stack development. Driven to build scalable, intelligent solutions by integrating AI-powered tools into modern development workflows. Eager to contribute to a high-impact team where innovation, automation, and clean code are valued. Committed to continuous learning, problem-solving, and delivering real-world value through technology.

Education

B.Tech inComputer Science and Business Systems

Arjun College Of Technology, Coimbatore (2021 - Present) | CGPA: 9.0

Intermediate

MPC (Intermediate), Krishna Chaithanya Jr College, Nellore (2021) | CGPA: 9.4

School

SSC, Z.P.P High School, Poolathota (2019) | CGPA: 9.3

Technical Skills

• Languages: Java, JavaScript

• Web Technologies: HTML, CSS, JSP, React.js

• Frameworks & Libraries: Spring Boot, Hibernate, JDBC

• Database: MySQL

• Tools & Platforms: MS Office, Figma, Cursor

Project

Student Management System

Technologies: Java, Spring Boot, React, MySQL

- Built a full-stack web application to manage student records using Java and Spring Boot for RESTful API development.
- Used MySQL for data storage with Spring Data JPA for seamless database interaction.
- Developed a responsive frontend with React, enabling real-time interaction with backend services.
- Ensured clean architecture and efficient data handling across the application.

Internship Experience

WebDevelopment Intern - NeuralArc Global Pvt Ltd, Coimbatore

- Built an online energy monitoring framework using JavaScript, HTML, and MySQL.
- Enabled administrators to track usage and convert units to expenses.

Full Stack Developer Training (Present) - Tap Academy, Bengaluru

- 6-month practical training focused on real-world full-stack applications.
- Learned about multithreading, Exception handling, Collection frameworks.
- Built and deployed responsive web applications using Java, Spring Boot, and React.

Certifications

Java Trainee - Infosys CSR Program

- Hands-on experience in OOP and backend development using Java.
- Completed practical assignments involving Java-based CRUD applications.
- Acquired understanding of Java collections, multithreading, and JDBC.

Achievements

GoldMedal:Outstanding Presentation, QCFI Competition (KPR Institute of Engineering & Technology)

Bronze Medal: Paper Presentation on ChatGPT (Akshaya College)

1st Prize: 24-hour Hackathon Winner at college

Student Coordinator: Quality Circle Forum of India (QCFI) (ACT)

President: ISTE Student Chapter (ACT)
